

CENTRE DE SANTÉ SAINT-BONIFACE 2022-2027 STRATEGIC PLAN

Mission

Centre de santé Saint-Boniface stimulates and supports the French-speaking population of Winnipeg and the residents of St. Boniface and St. Vital in taking charge of their own health and wellness. The Centre collaborates with the community to promote health and prevent, treat and manage health problems. Given its unique role, the Centre operates in French and provides services in both official languages.

Mandate

The mandate of Centre de santé Saint-Boniface is to provide primary health services in both official languages to the French-speaking population of Winnipeg and St. Boniface and St. Vital residents through an interdisciplinary team of bilingual professionals. The Centre also promotes the training of bilingual professionals.

Axes and Strategies

A RECOGNIZED AND INNOVATIVE CENTRE

- Position the agency as a centre of excellence in French language health services
- Acquire the necessary resources to enable the Centre to achieve its full potential

RESPONSIVE AND INTEGRATED SERVICES

- Enhance mental health services
- Reach our underserved populations, identify their needs and tailor our services

A COHESIVE AND THRIVING TEAM

- Promote the well-being and development of staff
- Develop recruitment strategies to ensure effective succession management

Values

Fairness - Respect - Quality - Comprehensiveness - Transparency

Vision

Centre de santé Saint-Boniface is known for its delivery of innovative primary health care services that promote the health and wellness of its community.
